mailing procedures and provides its own voting and return instructions. FINANCIAL STATEMENTS

The Company’s financial statements and independent auditors’ report as included in the Financial Disclosure have been filed on Sedar and will be placed before the Shareholders at the Meeting.

ELECTION OF DIRECTORS

The authority to determine the number of directors of the Company rests with the Shareholders. The Company’s Articles stipulate that the board of directors (the “**Board of Directors**”) shall consist of a minimum of three and a maximum of fifteen directors. Following a special meeting of the Shareholders held on June 25, 2019, the Shareholder approved to fix the number of directors to be elected at 5. Pursuant to the provisions of the Company’s Articles, management of the Company is now seeking to fix the number of directors to be elected to 3, each of whom are to serve until the next annual meeting of Shareholders or until their respective successors are elected or appointed. Management believes that limiting the size of the Board to 3 members is both pragmatic and cost effective given the Company’s current operations and business objectives.

The Board of Directors recommends that Shareholders vote FOR this resolution to fix the number of directors at 3 members. Unless authority to do so is withheld, the persons named in the enclosed form of proxy intend to vote FOR the resolution to fix the Board of Directors size at 3 members.

Under applicable securities laws, a company's NEOS are: (i) the Chief Executive Officer, (ii) the Chief Financial Officer, (iii) the next three most highly compensated executive officers serving at the end of the most recent financial year and (iv) any officer who would have been among the next three most highly compensated executive officers if they had been serving at the end of the most recent financial year.

MANAGEMENT CONTRACTS

Other than as disclosed elsewhere in this Circular, no Management functions of the Company are to any substantial degree performed by a person or company other than the directors or named executive officers of the Company.

CORPORATE GOVERNANCE DISCLOSURE

National Instrument 58-101 - *Disclosure of Corporate Governance Practices*, requires all reporting issuers to provide certain annual disclosure of their corporate governance practices with respect to the corporate governance guidelines (the “**Guidelines**”) adopted in National Policy 58-201. These Guidelines are not prescriptive but have been used by the Company in adopting its corporate governance practices. The Board and Management consider good corporate governance to be an integral part of the effective and efficient operation of Canadian corporations. The Company’s approach to corporate governance is set out below.

Board of Directors

Management is nominating 3 individuals to the Board, one of which is a current director of the Company. Management believes that limiting the size of the Board to 3 members is both pragmatic and cost effective given the Company’s current operations and business objectives.

The Guidelines suggest that the board of directors of every reporting issuer should be constituted with a majority of individuals who qualify as “independent” directors under NI 52-110, which provides that a director is independent if he or she has no direct or indirect “material relationship” with the Company. The “material relationship” is defined as a relationship which could, in the view of the Company’s Board, reasonably interfere with the exercise of a director’s independent judgement. One of the current members of the Board is considered “independent” within the meaning of NI 52-110. If all three nominees are elected, two members of the Board will be considered “independent”.

The Company holds regular meetings to approve quarterly and annual financial statements, Management and Discussion Analysis and other business at the time. The Company also holds meetings “as needed” in the course of business.

The Board has a stewardship responsibility to supervise the management of and oversee the conduct of the business of the Company, provide leadership and direction to Management, evaluate Management, set policies appropriate for the business of the Company and approve corporate strategies and goals. The day-to-day management of the business and affairs of the Company is delegated by the Board to the CEO. The Board will give direction and guidance through the CEO to Management and will keep Management informed of its evaluation of the senior officers in achieving and complying with goals and policies established by the Board.

The Board recommends nominees to the Shareholders for election as directors, and immediately following each annual general meeting appoints an Audit Committee, and the Compensation Committee and the chairperson of each committee. The Board establishes and periodically reviews and updates the committee mandates, duties and responsibilities of each committee, elects a chairperson of the Board and establishes his or her duties and responsibilities, appoints the CEO, CFO and Corporate Secretary of the Company and establishes the duties and responsibilities of those

positions and, on the recommendation of the CEO, appoints the senior officers of the Company and approves the senior management structure of the Company, including compensation guidelines.

The Board exercises its independent supervision over management by its policies that (a) periodic meetings of the Board be held to obtain an update on significant corporate activities and plans; and (b) all material transactions of the Company are subject to prior approval of the Board. The Board shall meet not less than three times during each year and will endeavour to hold at least one meeting in each fiscal quarter. The Board will also meet at any other time at the call of the CEO, or subject to the Articles of the Company, of any director.

The mandate of the Board, as prescribed by the *Business Corporations Act* (British Columbia) (the “Act”), is to manage or supervise management of the business and affairs of the Company and to act with a view to the best interests of the Company. In doing so, the Board oversees the management of the Company’s affairs directly and through its committees.

Directorships

The following director or nominee for director of the Company is also a director of other reporting issuers:

- Mark Lotz is a director of Candente Gold Corp., Fiorentina Minerals Inc., PreveCeutical Medical Inc. Straightup Resources Inc, Teal Valley Health Inc., Vodis Pharmaceuticals Inc. and Voleo Trading Systems Inc.
- Jeremy South is a director of Five Star Diamonds Ltd.

Ethical Business Conduct

The Board has adopted a formal written Code of Business Conduct (the “Code”) for its directors, officers and employees. A copy of the Code is available by written request to the Company at 800 – 543 Granville Street, Vancouver, BC V6C 1X8. In addition, the Board has adopted a Whistleblower Policy that provides employees the ability to contact the Chair of the Audit Committee.

The Board promotes ethical business conduct through the nomination of members it considers ethical, through avoiding and minimizing conflicts of interest and by having Board members that are independent of Company matters. Where a director has a material interest in a transaction or agreement concerning the Company, the Board takes such steps as may be prudent to isolate and eliminate or reduce the potential for such a conflict of interest to interfere with the Board’s exercise of independent judgement.

In accordance with applicable corporate law, any director who is in a position of conflict must refrain from voting on any resolution of the Board with respect to the conflict. The Board may also require the director to excuse himself or herself from deliberations of the Board.

In addition to the Code and the Whistleblower Policy, the Board has established other policies to encourage and promote a culture of ethical business conduct, including a Disclosure Policy, Insider Trading Policy and Health and Safety Policy.

Nomination of Directors

The Board identifies new candidates for board nomination by an informal process of discussion and consensus-building on the need for additional directors, the specific attributes being sought, likely prospects, and timing. Prospective directors are not approached until consensus is reached. This process takes place among the Chair and a majority of the non-executive directors.

PARTICULARS OF OTHER MATTERS TO BE ACTED UPON

Annual Approval of the 2017 “Rolling 10%” Stock Option Plan

Following a special meeting regarding the amalgamation of the Company with Paget Minerals Corp., held on July 26, 2018, the shareholders of the Company approved an incentive stock option plan (the “Plan”). The Plan reserves for issuance a maximum of 10% of the Company’s issued and outstanding share capital at the time of a grant of options under the plan. The Plan provides for grants of options to directors, officer, employees and consultants of the Company at the discretion of the Company’s Board of Directors.

The term of any options granted under the Plan is fixed by the Board and may not exceed ten (10) years. The exercise price of options granted under the Plan is determined by the Board, and if the Common Shares are listed on an exchange, the exercise must not be lower than the closing trading price for the Common Shares as quoted on the exchange for the trading day immediately prior to the date of grant of the option, less any discount permitted by the exchange.

Unless an option holder is terminated for cause, options granted pursuant to the Plan that are vested generally terminate upon (i) the expiry date of an option, (ii) in the case of death, one year after the date of an option holder's death, (iii) if the option holder is a director, on the third year following the date that the option holder ceases to be a director, (iv) if the option holder is an officer, employee or consultant, on the thirtieth day following the date the option holder cease to be an officer, employee or consultant, or (v) if an option holder is terminated for cause, the date on which an option holder is terminated for cause.

The Plan also provides for adjustments to outstanding options in the event of any merger, consolidation, amalgamation, recapitalization, reclassification, split, reverse split, combination of shares or other similar triggering event set out in the plan. The Board may, at its discretion, deal with outstanding options in the manner it deems fair and reasonable in light of the circumstances of the triggering event.

The Board may also make equitable adjustments to options issued under the Plan in certain other circumstances, including in connection with the distribution of dividends and exchanges of shares as provided in the plan.

The Board may from time to time amend the Plan and the terms and conditions of any option to be granted thereunder for the purpose of meeting any changes in any relevant law, rule or regulation applicable to the plan, any option, the shares or for any other purpose which may be permitted by all relevant laws, regulations, rules and policies, so long as any such amendment will not alter the terms or conditions of any option or impair any right of any option holder prior to such amendment.

The Board may terminate the Plan at any time provided that such termination will not alter the terms or conditions of any option or impair any right of any option holder pursuant to any option awarded prior to the date of such termination, which will continue to be governed by the provisions of the Plan.

The foregoing is only a summary of the salient features of the Plan. A copy of the Plan may be obtained at no cost by written request addressed to the Company, attention Corporate Secretary, at Suite 800 – 543 Granville Street, Vancouver, BC V6C 1X8 up to June 24, 2020 being the date of the Meeting.

Shareholders will be asked to pass an ordinary resolution, in substantially the following form, to re-approve the Plan:

“Resolved, as an ordinary resolution, that:

1. the stock option plan (the **“Plan”**) as described in the Circular dated May 20, 2020 be and is hereby approved, subject to the acceptance for filing thereof by the Canadian Securities Exchange and the grant of options thereunder in accordance therewith be approved;
2. the number of Common Shares reserved for issuance under the Plan shall be no more than 10% of the Company’s issued and outstanding share capital at the time of any stock option grant;
3. the directors of the Company be authorized to make any changes to the Plan as may be required or permitted by the Canadian Securities Exchange;
4. any director or officer of the Company is hereby authorized and directed for and in the name of and on behalf of the Company to execute or cause to be executed, whether under corporate seal of the Company or otherwise, and to deliver or cause to be delivered all such documents, and to do or cause to be done all such acts and things, as in the opinion of such director or officer may be necessary or desirable in connection with the foregoing; and
5. notwithstanding that this resolution has been duly passed by the shareholders of the Company, the Plan is conditional upon receipt of final approval from the Canadian Securities Exchange and the directors of the Company are hereby authorized and empowered to revoke this resolution, without any further approval of the shareholders of the Company, at any time if such revocation is considered necessary or desirable by the directors.”

The Board of Directors recommends that Shareholders vote FOR the ordinary resolution to approve the Plan. Unless authority to do so is withheld, the persons named in the enclosed form of proxy intend to vote FOR the ordinary resolution to approve the plan.
